```

Power ups

super-power

Double jump

Guard drone :

when you call it , comes above your head and then explodes bullets that are coming toward you.

Teleport gates:

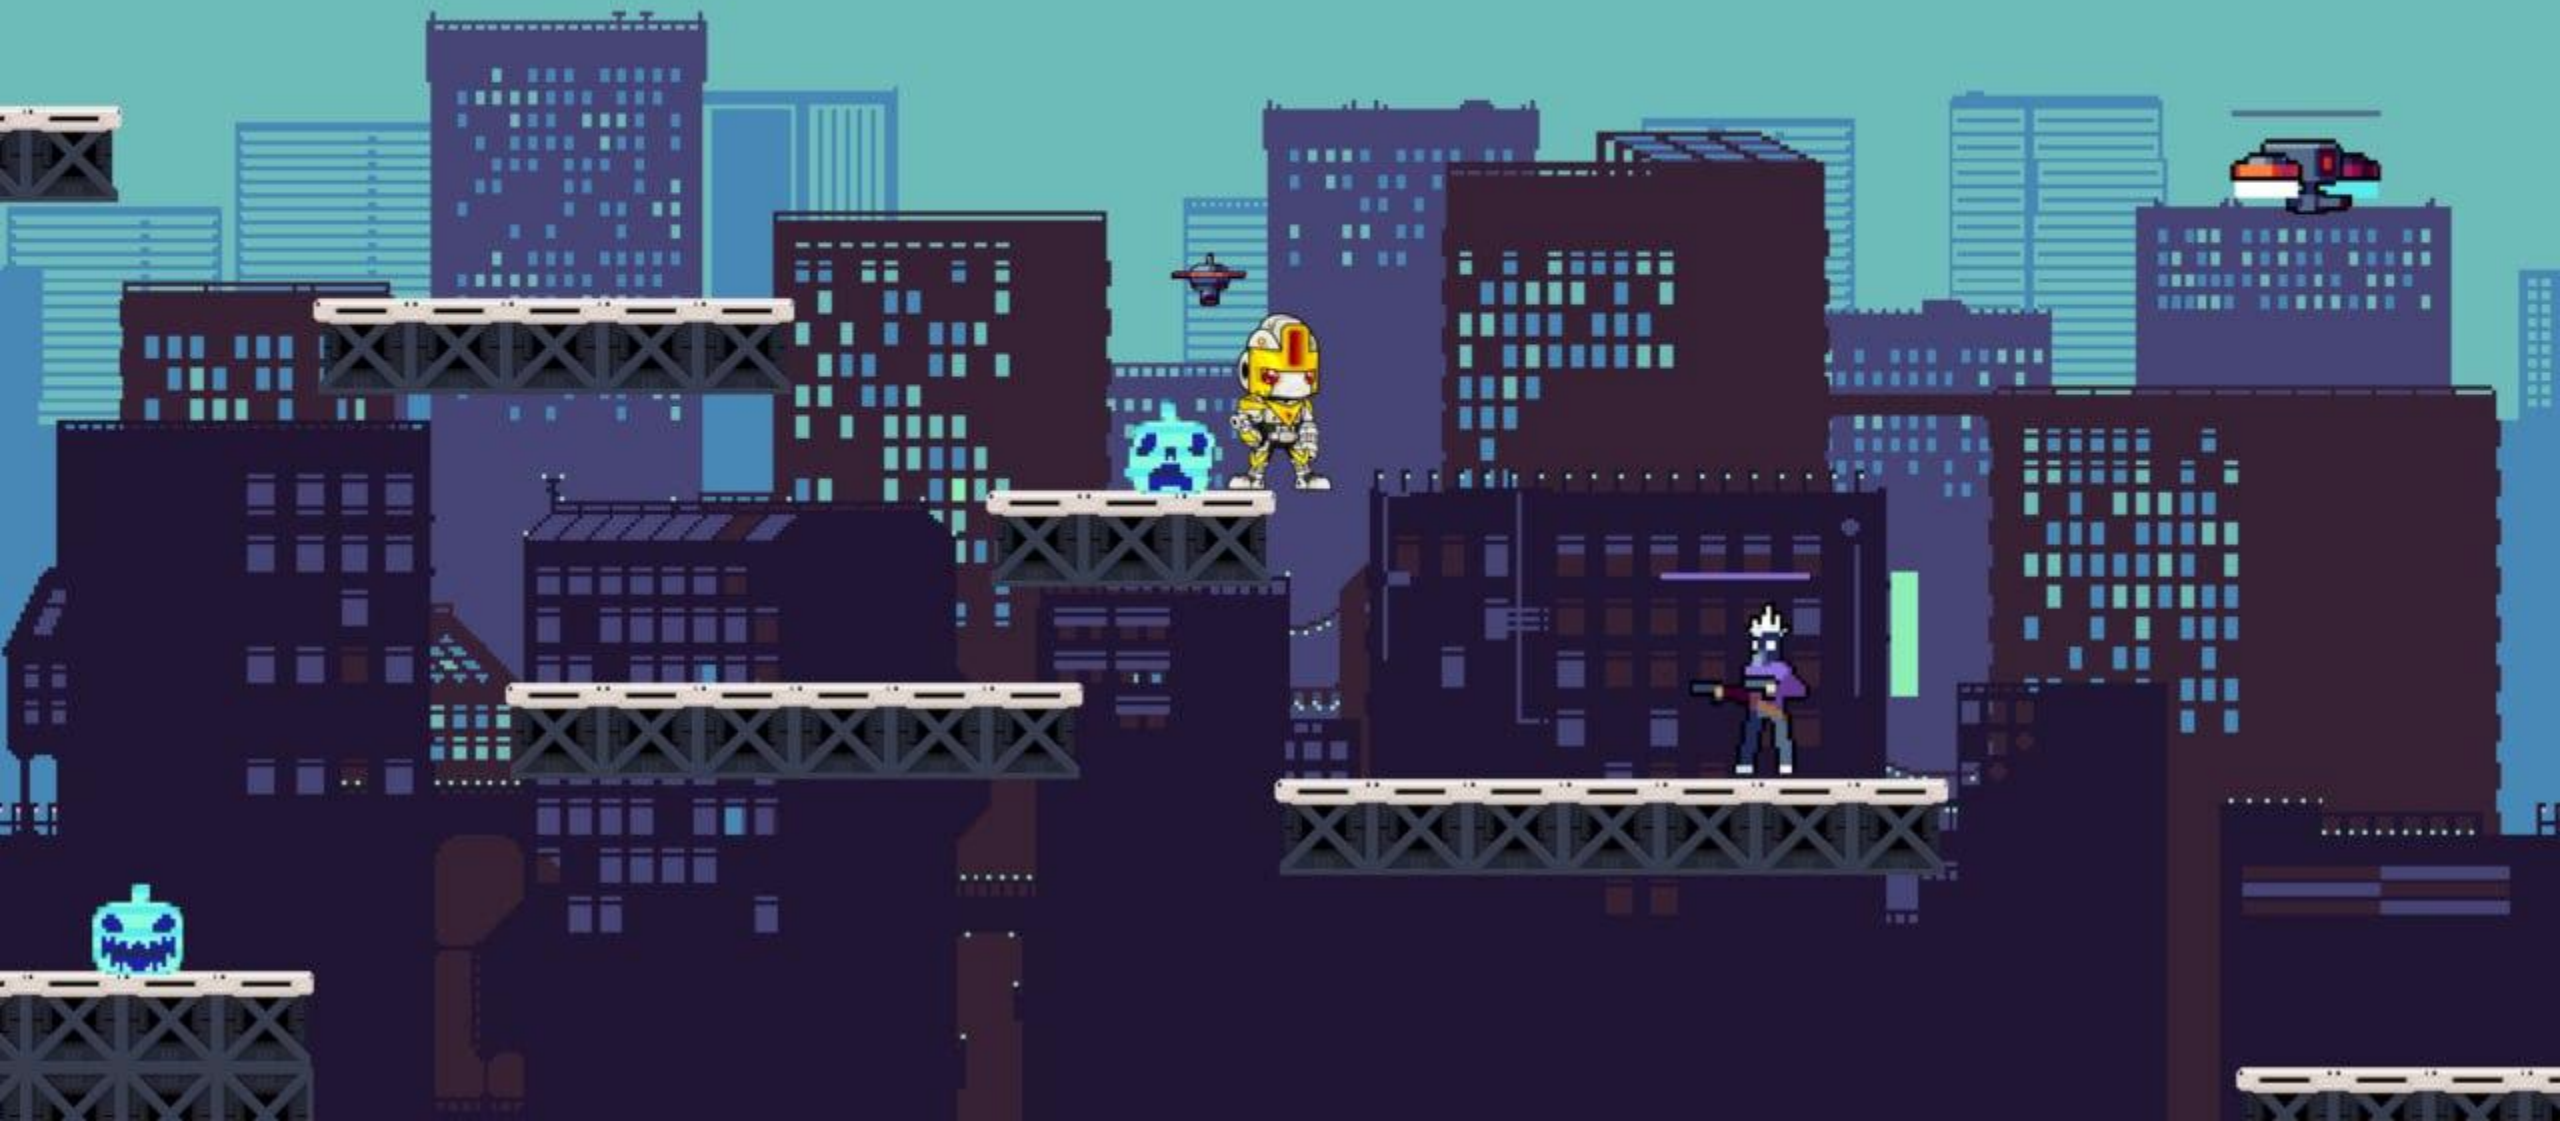

A pair of doors linked together. When powered, stepping through one instantly takes you to the other.

Pumpkins:

A cheerful pumpkin that only serves as decoration. It grins at you, but when you get too close, it shivers in fear without any real effect.

Timer: 67

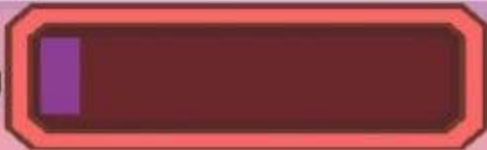

Gameplay :

Single player:

here is a ticking time bomb. The player must first find the defuser and then deactivate the bomb before it explodes .

Multiplayer:

The game is divided into two sides (both 1v1 and 2v2). Each side tries to eliminate the other, and the first team to succeed wins the game

Foolish mortal, you dare challenge me?
